Prof. Dr. Otto Schneid
931 Clay Avenue
Scranton, Pa.

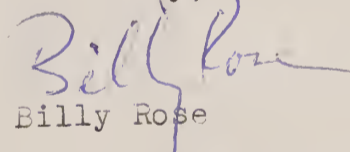

Dear Professor Schneid:

I travel a great deal these days. In addition, even when I'm in New York, I'm like as not to be on a small island which I own an hour away in Connecticut.

For that reason I very much hesitate to make appointments, knowing that there's an excellent possibility that for one reason or another I won't be able to keep them.

You say in your letter that you would very much like to meet with me and discuss a great plan that you feel I shall be interested in. May I suggest that you put this plan on paper. I am much more interested in appraising any notion or plan when it is in writing. It's an old work habit. If the plan you submit is of interest, then of course I shall be happy to set up an appointment and, at that time, I shall have the advantage of knowing what I'm talking about.

Cordially,

Billy Rose
